# PRINTING & FINISHING SERVICES

Prices shown are for Direct Print Output.

Custom print pricing is plus 25%

## PHOTOGRAPHIC PRINTS - DIRECT OUTPUT ONLY

---

**If files are not setup / sized, you will be charged the "Custom" print pricing.**

**"Custom" print pricing is plus 25% on Direct Output prices.**

When you send us files, all images will be printed as is.

The onus is on you to check that your file is setup as shown below:

Colour space should be Adobe RGB 1998

The file is 8 bit

The resolution is 300dpi

File type should be saved as tif files - no compression, layers or channels..

The aspect ratio must correspond to specified print size or cropping will occur.

Triple check files in photoshop. We can't be held accountable for files setup in lightroom that aren't correctly sized. e.g. cropped then not exported as cropped or client requested 11x14 inch, but sent in square files.

No RAW files accepted.

**If files are not setup / sized, you will be charged the "Custom" print pricing.**

## CONSULTATION / FILE HANDLING / RETOUCHING

If you are unable to prepare files for printing, we are happy to help. Please call or email our staff to arrange a convenient time for us both, to assist with cropping / converting your files to your requirements.

Expert Retouching \$180 per hour, minimum charge \$45 for 15 minutes.

File Handling & Basic Retouching Consultation \$66 per half hour, minimum charge \$33 for up to 15 minutes.

Booking times available:

Monday to Friday 10am to Midday

Monday to Friday 1pm to 3pm

Some things to consider prior to a consultation . . .

- \*\* Staff at the front counter may not always be able to stop and download or prepare files as you wait without prior notice.
- \*\* To reduce consultation times, it may be to your benefit to cull your images to the ones required for printing. If you have a holiday of 1200 images, only bring in the ones that you need.
- \*\* If you are planning on using store bought frames, work out in advance what sizes are available and what size you think you might want. We can then let you know if your image will work in that frame - eg. what cropping may be required or if the file is too small for the frame size chosen.

## IMAGE RE-SIZING AND REMOVING BACKGROUND

Your image can be re-sized if you need a big print. Pricing starts at \$25

Backgrounds can be removed. Pricing starts at \$25

## DIRECT OUTPUT PHOTOGRAPHIC PRINTS

Great value proof service, printed on Fuji Crystal Archive paper.

## CANVAS & CANVAS STRETCHING

### Digital files printed directly to canvas.

Printed with archival, high quality pigment inks on a Cotton Artist Canvas. Finished with a protective varnish.

The canvas is stretched around a high quality frame and wire hung.

Wood profiles available: PQ (22mm thickness) or Bumper (32mm thickness).

Custom Sizes are available, enquiries welcome.

## FILM SERVICES

We offer a 'Process Only' service as standard, then all services are based on scanning and then printing from the resulting files. So if you want a standard colour film printed 6"x4", then you also receive a Disc with a 'Frontier Proof Scan' of each frame.

An example of how you would calculate the cost of one roll of film with 6" x 4" inch prints :

Standard Process (\$14) + SMALL - Frontier Proof scans (\$13) + SMALL - Printed Proof Set (\$10) = \$37

## ENLARGEMENTS & RE-PRINTS

For larger prints from film we will treat the job as a scan + digital photographic print.

Find the quality of scan from our scanning price list, and then add a Photographic Print. The scan must be the same size or larger than the final print size. Just re-submit the scan/file for a print only service.

## BLACK & WHITE STANDARD PRINTS

A True B&W Darkroom Print. The need for density correction, and any dodge/burn, is evaluated by our experienced printer.

## BLACK & WHITE EXHIBITION PRINTS

Exhibition and Gallery prints are produced in the darkroom by our specialist printer (with the client if required) using dodge/burn and density correction. A test print will be produced before the final print is created.

**Bookings necessary if client wants to print with Asko.**

## LAMINATING

All our laminates are of the highest quality researched after years of experience. We take into account the properties that will affect the life of the laminate, including shrinking and discolouring. For more information about the individual laminates refer to our website.

All sizes are approximate, and if you have a size not listed, use the next larger size as your price guide.

Minimum mounting order is \$20 and discounts are available on large orders, enquires welcome.

## MAT CUTTING & MOUNTING

### Re-usable Hinged Mat

A hinged mat is a backing of 5 mm foam core or mat board with a hinged mat attached to the front. The print is tacked in place between the two, so you can open and replace the print later. Not to be used for permanent framing or display, as the print may ripple over time.

### Permanent Sealed Mat

A sealed mat is produced by permanently mounting the print to card or foam core, and then gluing the mat over the print. Both card and mat are trimmed flush to each other, making it almost impossible to get to the print without damage.

### Colour Choices

We stock Arctic White, which is a bright white, Solar White, which is a slightly creamier white, and Black, which has a white core.
